Niagara Ina Grafton Gage Village

Date: September 9, 2022

To: All Building A&B Residents, Visitors

RE: Screening and Testing Updates

Effective Monday September 12th, 2022 we will no longer be required to screen and test family and visitors to residents in apartments in the A&B building.

Screening and testing will remain for all staff and those visiting or working in the Long Term Care Unit.

Masks will still be required when you are out in the hallways, elevator and public spaces.

Building A Entrance will once again be accessible.

Deliveries: all deliveries should be sent to apartment doors instead of being left with the screeners. NIGGV will not be responsible for any lost or damaged deliveries.

To prevent the spread of Covid-19 it is highly recommended that all residents practice preventative measures. The following information has been taken from the Covid-19 Ontario website which you can visit for more detailed information:

<https://www.ontario.ca/page/covid-19-stop-spread>

- take everyday actions:
 - stay home when sick, even with mild symptoms
 - wash your hands often with soap and water or use alcohol-based hand sanitizer
 - sneeze and cough into your sleeve
 - avoid touching your eyes, nose or mouth
 - clean and disinfect high-touch surfaces
 - open windows to ventilate indoor spaces when possible
 - wear a mask out in public places if you feel it is right for you

Regards,

Jerry Boichuk
